**Excel in UI/UX Design by learning from the best**  
**Duration: 4 Months Course + 1 Month Internship**

[www.techno.academy](http://www.techno.academy)

 **CALICUT | UAE**

# About the course :

Learning UI/UX Design is a valuable skill in this digital age. Under this course, our experts teach you how to design feature-rich, responsive and attractive websites. You will get in-depth knowledge about various design concepts such as HTML, CSS, JavaScript, and UI/UX design, through live projects.

## What you will learn :

### Introduction to UI/UX Design

- Overview of UI/UX Design principles
- Importance of good design in web development
- Evolution of UI/UX Design trends
- Basics of user interface (UI) design
- User experience (UX) principles
- Wireframing and prototyping

### Fundamentals of Design

- Understanding typography
- Color theory and its application in UI/UX Design
- Layout and composition principles

### HTML Basics

- Introduction to HTML
- Structure of HTML documents
- Working with HTML tags and attributes

## CSS Essentials

- Introduction to CSS
- Styling HTML elements
- CSS selectors and specificity

## Responsive UI/UX Design

- Understanding responsive design principles
- Media queries and breakpoints
- Building responsive layouts

## UI/UX Design Tools

- Overview of popular design tools (e.g., Adobe XD, Figma)
- Hands-on practice with design software

## Web Graphics and Multimedia

- Image optimization for the web
- Introduction to SVG graphics
- Incorporating multimedia elements (video, audio) in UI/UX Design

## Accessibility in UI/UX Design

- Importance of web accessibility
- Techniques for designing accessible websites
- WCAG guidelines and compliance

## Introduction to Frontend Development

- Basics of frontend languages (HTML, CSS, JavaScript)
- Overview of frontend frameworks (e.g., Bootstrap)

## UI/UX Design Project

- Applying learned concepts to design a website
- Project planning and execution
- Presentation of the final project

## Career Opportunities in UI/UX Design

- Overview of job roles in UI/UX Design
